## EDUCATION

### Velalar College of Engineering and Technology

Erode, Tamilnadu

Bachelor of Technology in Electronics and Communication Engineering | **Cgpa : 7.0**

2022-2026

### JKKN Matric High School

Namakkal, Tamilnadu

Higher Secondary, Science (PCMC) | **Percentage: 70.6**

2021-2022

## IMPLANT TRAINING EXPERIENCE

### MacDermid Alpha Centre of Excellence in Advanced Electronics | IIT Madras - Trainee

Dec 2025 – Jan 2026 | Certificate of Completion

- Completed **Advanced Electronics Manufacturing Certification (NCRF Level 5.5)** with hands-on training in modern electronics production.
- Applied **Power Electronics** concepts in circuit analysis and power conversion systems.
- Developed knowledge of **PCB Fundamentals**, including schematic reading, layout, and assembly techniques.

### Infosys Foundation School for Employability Program | Test Engineer Trainee

Jul 2025 – Aug 2025 | Certificate of Completion

- Completed training in **Software Testing and Quality Assurance**, gaining knowledge of industry-standard testing practices.
- Designed and executed **test cases** to validate software functionality and ensure product quality.
- Applied **debugging techniques and testing methodologies** to identify defects and support reliable software performance.

### Codebind Technologies | Web Development Trainee

Dec 2024 | Certificate of Completion

- Developed responsive and user-friendly web applications using **HTML, CSS, and JavaScript**, while optimizing frontend components to improve performance and loading speed.
- Collaborated with the development team to implement live project features and contributed to **UI/UX design** enhancements, improving usability and visual experience.

## PROJECTS

### Enhancing Remote patient Monitoring Through SDN-Enabled Priority Aware Traffic Management

Apr 2026

- Architected an **SDN-based healthcare traffic management system**, leveraging networking principles to efficiently manage medical data transmission.
- Implemented **priority-based routing algorithms** to ensure low-latency delivery of critical patient information in real time.
- Optimized **network performance and reliability** for remote patient monitoring by prioritizing urgent healthcare data traffic.

### Smart Digital Announcement Board

June 2025

- Designed and developed an **IoT-based smart digital notice board**, enabling real-time wireless updates through embedded systems and communication technologies.
- Built a **mobile/web interface** for seamless content management, allowing users to remotely publish announcements and notifications.
- Implemented an **automated digital communication solution** that improved information delivery efficiency while reducing reliance on traditional paper-based notice boards.

## TECHNICAL SKILLS

**Languages:** C, MATLAB

**Concepts:** Power Electronics, Embedded Systems, Digital Signal Processing, Communication Systems, Control Systems, VLSI Design, Microprocessors & Microcontrollers, PCB Design Fundamentals.

**Tools & Platforms:** MATLAB, Simulink, Proteus, Tinker Cad, Arduino IDE.

**Hardware & Development:** Arduino, Raspberry Pi, 8051 Microcontroller, IoT Systems, PCB Assembly, Sensor Integration, Wireless Communication

**Academic Courses:** Digital Signal Processing, Communication Systems, Microprocessors & Microcontrollers, VLSI Design, Control Systems, Machine Learning, Linear Integrated Circuits, Power Electronics.

**Professional Skills:** Analytical Thinking, Problem Solving, Adaptability, Collaboration, Innovation.

## ACHIEVEMENTS

- Published research paper, "**Enhancing Remote Patient Monitoring Through SDN-Enabled Priority-Aware Traffic Management**", presented at an International Conference hosted by National Institute of Technology Puducherry.
- Winner of the **Internal Smart India Hackathon (SIH) 2025** at the institutional level.
- Runner-up in **Project Expo 2024** for an innovative electronics-based project
- Presented technical papers at PSG Institute of Technology and Applied Research, Sona College of Technology, and Karpagam College of Engineering.

## LEADERSHIP & EXTRACURRICULAR

- Volunteered in **Drone Challenge 2025**, supporting event coordination and participant management at VCET.
- Volunteered in various events during the **VCET Intramural Sports Fest**, contributing to event organization and smooth execution of sports activities.
